

# STEEPLETALK

December 2016

Looking into the night sky, have you ever spotted a star, only to see it move? You look and wonder, only to realize that it's an aircraft high in the sky. Most people are fascinated by airplanes. While sitting at an airport terminal, or nearby, it is interesting to watch an approaching night flight plane. At first the light is a faint glimmer, but you know where it is headed and that means it's coming your way. The distinctive spot light of the plane pierces the night. Slowly it becomes brighter and bigger, it seems to take forever, inching closer, not like its actual approach at 100+ MPH. Larger and larger is the light, then the faint outline of the jet, and finally the aircraft makes the landing. This watching event can take many minutes to unfold.

The prophet Isaiah declared words of hope in the midst of gloom and distress saying, *"The people walking in darkness have seen a great light; on those living in the land of the shadow of death a light has dawned."* (Isaiah 9:2)

I enjoy an early morning walk, and certain times of the year while I walk I can see the unfolding of the dawn of a new day. At first there's darkness in the eastern sky, then just a hint of light, then redness emerges, followed by yellow sky, and finally the morning sun emerges from its sleep and brightens the world.

The image of light presented by Isaiah is something we understand. It is a powerful way to grasp the unfolding of something special. And for Isaiah that something special was revealed in verse 6, *"For to us a child is born, to us a son is given, and the government will be on his shoulders. And he will be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace."* (Isaiah 9:6)

On November 27th, we start the season of Advent—coming. During the four Sundays of Advent, Christmas Eve, and Christmas Day we'll be focusing on the theme of light. Just like the landing of an aircraft or the rising of the sun, from November 27—December 25 we'll share in the approaching light of the world and the fulfillment of promises and the hope of the world, culminating with the celebration of the birth of Jesus on Christmas Eve and Christmas Day.

We look forward to sharing the season with you.

**THROUGH THE YEARS**

One of the many joys people experience during the Christmas season is the sight of a live Nativity Scene. Many places, including our friends at North Mentor Centenary United Methodist Church, display them for all to enjoy. The recreation of Christ's birth brings us all closer to the Lord on his birthday.

The first person to be credited with creating a live Nativity is one of the most famous and kindest people in Christian history, St. Francis of Assisi. St. Francis is well known for his love of animals and emphasis that they to are God's creation. He was also a very humble man who lived a life of poverty.

Once, when visiting the Holy Land, St. Francis visited the site that tradition said was the birthplace of Christ. In 1223, he traveled to the town of Greccio in Italy to celebrate Midnight Mass at Christmas. The local chapel was too small to handle the number of people who would be attending the mass so St. Francis decided to hold the service outside. He found a niche in a rock near the town square. Remembering his visit to the Holy Land, he decided to impress upon the people the conditions of Christ's birth. St. Francis had gotten permission from the Pope, Honorius III, to celebrate the mass outside the church. He got a manger, brought some straw, and set them up in the niches. He also got a donkey and an ox and placed them near the manger. He wanted the congregation "to see with the eyes of the body the hardships in which He was placed because of the necessities for a newborn were lacking."

Since that Christmas nearly 800 years ago, untold numbers of churches and other places have recreated the scene of Christ's birth. If you'd like to see a live Nativity scene this year, keep watch in the News-Herald, they usually list them sometime in December. Wherever and whatever you do this Christmas season, remember that little baby in that humble place who went on to transform the world. Merry Christmas everyone!
